PROXY STATEMENT
FOR
THE ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD AUGUST 31, 1998

SOLICITATION

The Board of Directors of Amtech Corporation d/b/a AMTC Corporation (the "Company") is soliciting your proxy in the form of the enclosed proxy card for use at the Annual Meeting of Shareholders of the Company (the "Meeting") to be held on August 31, 1998, 8:30 a.m., local time, at The Westin Hotel, 13340 Dallas Parkway, Dallas, Texas 75240, as set forth in the accompanying Notice of Annual Meeting of Shareholders (the "Notice") and at any adjournment thereof. This Proxy Statement and the enclosed proxy card are being mailed to shareholders on or about July 20, 1998.

RECORD DATE AND VOTING SECURITIES

Only shareholders of record at the close of business on July 17, 1998, will be entitled to vote on matters presented at the Meeting or any adjournment thereof.

As of June 30, 1998, there were issued and outstanding 14,902,609 shares of \$.01 par value common stock of the Company (the "Common Stock"). The holders of a majority of the outstanding shares of Common Stock as of the record date must be represented at the Meeting in person or by proxy to have a quorum for

the Meeting and to act on the matters specified in this Notice. Votes withheld from any director nominee will be counted in determining whether a quorum has been reached. Under the Articles of Incorporation of the Company, each share of Common Stock is entitled to one vote on all matters brought before the Meeting or any adjournment thereof. In the election of directors, shareholders are not entitled to cumulate their votes and are not entitled to vote for a greater number of persons than the number of nominees named in this Proxy Statement.

Assuming a quorum is present, the affirmative vote of a plurality of the shares of Common Stock voted and entitled to vote for the election of directors is required for the election of directors. Votes may be cast in favor of, or withheld from, a director nominee. Votes that are withheld from a particular nominee will not affect the outcome of the vote. Assuming a quorum is present, the affirmative vote of at least 66 2/3% of the outstanding shares of Common Stock is required to approve the amendment to the Company's Articles of Incorporation to change the Company's name to CustomTracks Corporation.

Under applicable rules, brokers who hold shares in street name have the authority to vote in favor of all matters specified in the Notice, if they do not receive contrary voting instructions from beneficial owners. Under applicable law, if a broker has not received voting instructions with respect to certain shares and gives a proxy for those shares, but does not vote the shares on a particular matter, those shares will not affect the outcome of the vote with respect to that matter. Any shareholder who is present at the Meeting, but abstains from voting, will be counted for purposes of determining whether a quorum exists. An abstention will not be counted as an

affirmative or negative vote in the election of the directors. With respect to all other matters, an abstention would have the same effect as a vote against the proposal. The shareholders of the Company have no appraisal rights under Texas law with respect to the proposals specified in the Notice.

Any shareholder giving a proxy may revoke it at any time before it is voted by giving written notice to the Company or by attending the Meeting in person and voting such shares. Where a shareholder has appropriately specified how a proxy is to be voted, it will be voted accordingly, and where no specific direction is given, it will be voted FOR adoption of each of the proposals set forth in this Notice and at the discretion of the proxy holders on all other business that properly comes before the Meeting.

- (1) Represents Company contributions to the Company's 401(k) Retirement Plan or the Company's Employee Stock Purchase Plan.
- (2) Has subsequently separated from employment with the Company in 1998.
- (3) The number of shares that may be received under 1997 option grants includes 73,946, 8,000, 10,000, and 25,000 shares for Messrs. Mortenson, Wilson, Wolpert, and York, respectively, which represent "restricted shares" issuable for no additional consideration if and when a like number of option shares are exercised and held for the requisite period. See "Option Grants Table."
- (4) The "Number of Securities Underlying Options" as originally reported in the Company's 1996 Proxy Statement for Messrs. Mortenson, Evans, and York included 30,000, 6,000, and 11,700 shares, respectively,

which were "restricted shares" issuable for no additional consideration when a like number of option shares were exercised and held for the requisite period. In 1996, when the corresponding options were exercised, these "restricted shares" were issued. They are now reflected in the table under "Restricted Stock Award" for 1996, and the number of shares reflected

in the table under "Number of Securities Underlying Options" for 1995 has been correspondingly reduced by the number of "restricted shares" issued. The "restricted shares" can be forfeited to the Company if, during the three years following their issuance, (i) the recipient fails to hold the shares received upon exercise of the related stock option for the requisite period or (ii) the recipient's employment is terminated for cause or the recipient separates from employment with the Company under certain other circumstances. The "restricted share" awards provide for, with the consent of the Board of Directors, lapsing of restrictions if the recipient's employment is terminated other than for cause or if the recipient separates from employment with the Company under certain other circumstances.

- (5) The number of shares that may be received under 1996 option grants includes 40,000, 15,000, and 15,000 shares for Messrs. Mortenson, Evans, and York, respectively, which represent "restricted shares" issuable for no additional consideration if and when a like number of option shares are exercised and held for the requisite period.
- (6) Annual compensation is paid in U.K. pound sterling and has been translated to U.S. dollars at an average rate for the year.

Severance and Employment Contracts with Certain Executive Officers

Pursuant to a severance agreement between the Company and Mr. Mortenson, coupled with Mr. Mortenson's exercise of various stock options, the Company reported a first quarter 1998 expense charge of approximately \$1,000,000, including a cash payment to Mr. Mortenson of approximately \$650,000. Under the terms of the severance agreement, Mr. Mortenson is bound by various confidentiality and non-competition provisions.

Pursuant to a severance agreement between the Company and Mr. Evans, the Company will report a second quarter 1998 expense charge of approximately \$500,000, including a cash payment (a portion of which was contributed to Mr. Evans' pension fund) to Mr. Evans of approximately \$400,000. The severance agreement also contains confidentiality and non-solicitation provisions.

The Company and Mr. Wolpert are parties to a severance agreement, which, per the severance agreement formula (which is based on years of service), as of June 30, 1998, provides for the payment to him of seven months of his base salary in the event he has good reason (as defined) to resign his employment or if his employment is terminated other than for cause. The severance agreement also contains confidentiality and non-competition provisions.

The Company and Mr. York are parties to a severance agreement, which, per the severance agreement formula (which is based on years of service), as of June 30, 1998, provides for the payment to him of 18 months of his base salary in the event he has good reason (as defined) to resign his employment or if his employment is terminated other than for cause. The agreement also provides for the payment to Mr. York of three times his annual base salary in the event his employment terminates after a change in control (as defined) of the Company. The severance agreement also contains confidentiality and non-competition provisions.

Also, see "COMPENSATION OF DIRECTORS AND EXECUTIVE OFFICERS--Transactions with Management and Related Parties" for a description of the employment arrangement that the Company and Mr. Cook, the Company's Chairman, President, and Chief Executive Officer, have agreed to enter into.

The following table sets forth information relating to stock option grants made by the Company to each of the Company's five most highly compensated executive officers during the year ended December 31, 1997.

(1) Has subsequently separated from employment with the Company in 1998.

(2) The grant award is comprised of a stock option to acquire one half of the shares indicated in the table and the right to receive a matching number of "restricted shares" upon the occurrence of certain events. The stock options are exercisable six months from the date of grant, have an exercise price of \$4.00 per share (\$5.75 per share regarding Mr. Wilson's 10,000 share grant), which represents the fair market value on the date of grant, and expire three years from the date of grant. For those option shares exercised, a matching number of "restricted shares" are awarded to the recipient for no additional consideration. The "restricted shares" can be forfeited to the Company if, during the three years following their issuance, (i) the recipient fails to hold the shares received upon exercise of the related stock option for the requisite period or (ii) the recipient's employment is terminated for cause or the recipient separates from employment with the Company under certain other circumstances. The "restricted share" awards provide for, with the consent of the Board of Directors, lapsing of restrictions if the recipient's employment is terminated other than for cause or if the recipient separates from employment with the Company under certain other circumstances. If a recipient elects, the Company will provide secured financing for the exercise price payable to the Company with respect to the exercise of the stock options. The maximum amount of available loans associated with these grants is \$497,000.

(3) The options vest ratably and become exercisable over four years. In the event of a change in control (as defined) of the Company, certain of the options become immediately exercisable.

Compensation of Directors

For serving on the Company's Board of Directors and related committees, a "Qualifying External Director" receives an annual fee of \$15,000. Each such director also receives an automatic one-time grant of options to acquire 25,000 shares of the Company's Common Stock at the time of initial election or appointment to the Board. A Qualifying External Director is a non-employee director who does not, directly or indirectly, beneficially own, or is not an employee, affiliate, or designee to the Board of Directors of a person (other than a person that is a strategic/business partner of the Company) that directly or indirectly beneficially owns, more than five percent of the Company's Common Stock. In addition, except as discussed below, a Qualifying External Director receives an automatic one-time grant of 2,500 options annually while continuing to serve on the Board of Directors.

The Board of Directors has adopted share ownership guidelines for the Company's non-employee directors. Under these guidelines, non-employee directors are encouraged to own at least 10,000 shares of the Company's Common Stock. Non-employee directors who were serving on the Company's Board of Directors on December 14, 1995, are encouraged to acquire such ownership by December 31, 1998. Non-employee directors first elected or appointed to the Board of Directors after such date are encouraged to acquire such ownership by the third anniversary of their election or appointment. Non-employee directors who do not achieve these share ownership amounts are not eligible to receive the annually recurring share option grants discussed above.

Transactions with Management and Related Parties

The Company and Mr. Cook, the Company's Chairman, President, and Chief Executive Officer, agreed in April 1998 to enter into a three-year employment arrangement. As an inducement essential to Mr. Cook's entering into the employment arrangement with the Company (Mr. Cook was not previously an employee), the Company has agreed to issue to Mr. Cook options to acquire 4,254,627 shares of the Company's Common Stock at an exercise price of \$7.00 per share (twice the closing price of the Company's Common Stock on the day preceding the date of agreement). The options will have a five-year term and will vest quarterly over two years. The options will vest immediately in the event of (i) a change of control of the Company, (ii) a change of control

of any material Company subsidiary that is engaged in the digital data distribution business, or (iii) Mr. Cook's employment is terminated other than for "cause." Mr. Cook will receive no salary under the employment arrangement.

Also, in May 1998, the Company acquired Petabyte Corporation, a digital data distribution start-up enterprise founded by Mr. Cook. In consideration of the sale of Petabyte, the Company has agreed to pay Mr. Cook five annual payments of \$200,000 each, beginning June 1, 1998. The Company has the right, exercisable at any time within the next four years, to return the Petabyte enterprise back to Mr. Cook. If the Company exercises this right, no further payments are required to be made.

On June 11, 1998, the Company closed the sale of its Transportation Systems Group to UNOVA, Inc. ("UNOVA"). Mr. Keane, a director of the Company, is Senior Vice President and Chief Financial Officer of UNOVA. The value of the transaction, based on estimated May 31, 1998 balance sheet amounts and subject to certain post-closing adjustments, is estimated at approximately \$31 million. As a result of the transaction, the Company received approximately \$20 million in cash and the 2,211,900 unregistered shares that were previously purchased by UNOVA in late 1997.

Messrs. York and Wilson are indebted to the Company in the principal amount of \$161,425 and \$60,750, respectively, which amounts represent monies loaned by the Company to fund the exercise of retention incentive options. Each

individual's indebtedness is represented by promissory notes. The notes of Mr. York bear interest at the rate of 6.61% and 5.61% per annum, and the notes of Mr. Wilson bear interest at the rate of 6.01% and 5.61% per annum. All notes are secured by the shares issued upon exercise of the retention incentive options. The notes of Mr. York are due in May 2000 and December 2001, and the notes of Mr. Wilson are due in June 2001 and December 2001 (unless becoming due earlier under certain circumstances described in the notes).

Mr. Sanchez, a director of the Company, is a director of the International Bank of Commerce, Laredo, Texas ("IBC"), and a director and shareholder of IBC's publicly-traded holding company, International Bancshares Corporation. The Company formerly had a banking relationship with IBC and maintained a checking account and short-term investments with IBC. The average month-end balance during 1997 of such checking account and short-term investments was approximately \$718,000.

Compensation Committee Interlocks and Insider Participation in Compensation Decisions

As noted below under "REPORT OF BOARD OF DIRECTORS ON ANNUAL COMPENSATION," the entire Board of Directors established the Company's compensation policies in 1997 and made the pertinent compensation decisions after prior review and recommendation from the Compensation and Stock Option Committee of the Board of Directors. Mr. Mortenson, a former officer and director of the Company; Mr. Evans, a former officer and director of the Company; and Dr. Landt, a director and former officer of the Company, participated in deliberations of the Company's Board of Directors concerning executive compensation during the year ended December 31, 1997. Mr. Sanchez, a director of the Company, is a director of the International Bank of Commerce, Laredo, Texas, with which the Company had a banking relationship. See "COMPENSATION OF DIRECTORS AND EXECUTIVE OFFICERS--Transactions with Management and Related Parties."

REPORT OF BOARD OF DIRECTORS ON ANNUAL COMPENSATION

The entire Board of Directors established the Company's compensation policies in 1997 and made the compensation decisions described herein after prior review and recommendations from the Compensation and Stock Option Committee (the "Committee") of the Board of Directors. In 1997, the Committee was comprised of Gary J. Fernandes, Elmer W. Johnson, and Thomas W. Luce, III, none of whom were officers or employees of the Company. Messrs. Fernandes, Johnson, and Luce are no longer members of the Company's Board of Directors. The Board of Directors will elect members to the Committee at the first Board meeting following the

10

Annual Meeting of Shareholders. In the interim, the entire Board of Directors will make all compensation decisions.

Compensation Philosophy and Objectives

The Committee is responsible for recommending to the full Board of Directors compensation programs for the Company and its subsidiaries that are designed to attract, motivate, and retain key executives responsible for the long-term success of the Company. The compensation program for senior executives of each of the Company's market-oriented groups is developed by the president of the market-oriented group, the Company's Chief Human Resources officer, and the Company's Chief Executive Officer. The compensation program for corporate officers of the Company is developed by the Company's Chief Human Resources officer and the Company's Chief Executive Officer. Compensation proposed to be paid to senior executives of a market-oriented group requires the review and approval of the Committee, while compensation proposed to be paid to corporate officers of the Company requires the review and approval of the Committee and ratification by the full Board of Directors. The Company believes that non-cash compensation paid to the named executive officers in 1997 will comply with the conditions of (S)162(m) of the Internal Revenue Code of 1986, as amended, and will, therefore, be deductible for federal income tax purposes.

The policy of the Board of Directors is to determine executive compensation in a competitive framework based on individual contributions, teamwork, and market-oriented group and overall Company financial results. The Board of Directors' policy is based on the following objectives:

- . To enhance the Company's competitiveness in attracting and retaining

qualified executives.

- . To align the interests of executive officers with those of shareholders by linking executive officers' long-term earnings to the long-term success of the Company, using stock-based incentive compensation and stock ownership guidelines.
- . To reward individual performance as well as team accomplishments through annual at-risk variable compensation awards related to attainment of individual as well as Company and business unit performance objectives.

Compensation Components and Process

The three primary components of the Company's executive compensation are base salary, annual cash incentive awards, and long-term stock-based incentive awards.

Factors considered in making decisions relating to base salaries include the individual executive officer's compensation history, work experience with the Company, and individual talents and the recommendation of the Chief Executive Officer or the president of the market-oriented group. Also, from time-to-time, the Company considers compensation practices of peer companies in terms of size, geographic location, and industry category as reported in surveys compiled by consulting firms. The Company also, from time-to-time, solicits advice from independent compensation consultants. In 1997, the Board did not assign specific weights to any factor it considered in making base salary compensation decisions. In 1997, the Company's executive officers received increases in base salary ranging from 0% to 16%.

In accordance with the 1997 bonus plan approved by the Board of Directors, a portion of the amount of the bonuses for each of the four most highly compensated executive officers reporting to the Chief Executive Officer was determined in his discretion, considering, in part, the individual officer's attainment of specified management objectives, and a portion was determined based upon the achievement of specified financial operating income targets. The president of the Company's U.S. based electronic security group was the only one of these executive officers to earn a cash incentive bonus for 1997. The bonus paid was based upon the financial performance of this market-oriented group. No bonuses for 1997 were paid to the other three most highly compensated executive officers, primarily because the applicable, specified financial operating income targets were not achieved.

11

As noted in the Summary Compensation Table, the 1997 compensation for Mr. Mortenson, the Company's former Chairman, President, and Chief Executive Officer, consisted of \$300,000 base salary, stock option grants, and \$2,574 in Company contributions to the Company's 401(k) Retirement Plan. Mr. Mortenson received no increase in annual base salary in 1997. Since the Company did not achieve the applicable, specified financial operating income targets, no bonus was paid to Mr. Mortenson for 1997.

The Company has typically utilized stock option grants under the Company's stock option plans to link executive compensation to stock price performance and to provide long-term incentives. In 1997, two key features of the Company's practice with respect to stock option grants were:

- . share ownership guidelines were in effect for the Company's Chief Executive Officer, Chief Financial Officer, and the presidents of the Company's market-oriented groups.
- . option grants to the Company's Chief Executive Officer, Chief Financial Officer, and presidents of the Company's market-oriented groups were either non-qualified stock options or "retention incentive options."

PROPOSAL 2. AMENDMENT TO ARTICLES OF INCORPORATION TO CHANGE NAME OF THE COMPANY TO CUSTOMTRACKS CORPORATION

On June 11, 1998, the Company sold its Transportation Systems Group ("TSG") to Intermec Technologies Corporation, a subsidiary of UNOVA, Inc., as detailed in the Company's Form 8-K filed with the Securities and Exchange Commission on June 19, 1998. Included in the assets sold was the name "Amtech" and other trade and service names and service marks used by the TSG. The definitive agreement relating to the sale requires the Company to change its name to a name that does not include "Amtech." Additionally, on July 7, 1998, the Company sold the net assets of its Cotag International unit to Metric Gruppen AB of Solna, Sweden.

As previously disclosed in the Company's first quarter Form 10-Q, the Company intends to enter the digital data distribution business. Accordingly, the Company proposes to amend its Articles of Incorporation to formally change its name to "CustomTracks Corporation." The Company believes that the name "CustomTracks Corporation" is descriptive of the Company's anticipated business activities. To that end, the Company has filed for a federal trademark and service mark for the name "CustomTracks(TM)." The form of amendment to the Articles of Incorporation is annexed as Appendix A to this Proxy Statement. This amendment was approved by the Board of Directors on June 23, 1998, and the Board recommended shareholder approval. If this proposal is approved by the shareholders, an amendment to the Company's Articles of Incorporation will be filed in a form similar to that set forth in Appendix A to effect the name change as promptly as practicable.

The affirmative vote of the holders of 66 2/3% of the outstanding shares of Common Stock, in person or by proxy, is required to approve the proposal to amend the Company's Articles of Incorporation to formally change the name of the Company to CustomTracks Corporation.

THE BOARD OF DIRECTORS URGES YOU TO VOTE "FOR" THE ADOPTION OF THIS AMENDMENT TO THE COMPANY'S ARTICLES OF INCORPORATION TO FORMALLY CHANGE THE NAME OF THE COMPANY TO CUSTOMTRACKS CORPORATION.

DEADLINE FOR SHAREHOLDER PROPOSALS

Shareholders intending to submit proposals to be included in the proxy materials for the 1999 Annual Meeting of Shareholders must submit their proposals in writing so that they will be received by the Company no later than March 23, 1999. The proposals should be directed to the Secretary of the Company, Ronald A. Woessner, AMTC Corporation, One Galleria Tower, 13355 Noel Road, Suite 1555, Dallas, Texas, 75240. Under Rule 14a-8 promulgated under the Securities Exchange Act of 1934, as amended, proposals of shareholders must conform to certain requirements as to form and may be omitted from the proxy

materials under certain circumstances. In order to avoid unnecessary expenditures of time and money by shareholders and the Company, shareholders are urged to review this Rule and, if questions arise, consult legal counsel prior to submitting a proposal to the Company.

MISCELLANEOUS

The Board of Directors of the Company knows of no matters other than those described herein that will be presented for consideration at the Meeting. If, however, other matters come before the Meeting, the proxy holders intend to vote all proxies in accordance with their best judgment in the interest of the Company.

The cost of solicitation of proxies, including the cost of preparing, printing, and mailing proxy materials and the cost of reimbursing brokers for forwarding proxies and Proxy Statements to their principals, will be borne by the Company. The Company has engaged Corporate Investor Communications, Inc. to assist in the solicitation of proxies from shareholders at a fee of approximately \$5,000 plus reimbursement of reasonable out-of-pocket expenses. Proxies may also be solicited without extra compensation by the officers and employees of the Company by telephone, facsimile, telegraph, or personally. Arrangements may also be made with brokerage houses and other custodians, nominees, and fiduciaries for the forwarding of solicitation material to the beneficial owners of shares of Common Stock held of record by such persons, and the Company may reimburse them for reasonable out-of-pocket expenses incurred by them.

PLEASE DATE, SIGN, AND RETURN THE PROXY AT YOUR EARLIEST CONVENIENCE IN THE ENCLOSED ENVELOPE. NO POSTAGE IS REQUIRED FOR MAILING IN THE UNITED STATES. A PROMPT RETURN OF YOUR PROXY WILL BE APPRECIATED AS IT WILL SAVE THE EXPENSE OF FURTHER MAILINGS.

A copy of the Company's 1997 Annual Report containing audited financial statements accompanies this Proxy Statement. The Annual Report does not constitute any part of the proxy solicitation material.
