

ZixCorp Joins Intel Security Innovation Alliance

ZixCorp Now Certified for Email Encryption with McAfee Email Gateway

DALLAS — September 23, 2015 — [Zix Corporation](#) (ZixCorp), (Nasdaq: ZIXI), announces that it has joined the [Intel Security Innovation Alliance™](#) (SIA), a program designed to integrate industry-leading solutions to detect threats, reduce risk, and improve compliance. ZixCorp is a Sales Teaming Partner in SIA, enabling Intel Security sales to recommend [Zix® Email Encryption](#) which interoperates with McAfee® Email Gateway.

“We are pleased to welcome ZixCorp into the Intel Security Innovation Alliance,” said D.J. Long, Head of Security Innovation Alliance at Intel Security. “ZixCorp’s email encryption solution, with its exceptional ease of use, helps deliver an even greater level of email security for our customers.”

“The security risks faced by companies today are accelerating at alarming rates, magnifying the risk management challenge. The Intel Security Innovation Alliance offers companies a way to address these challenges by integrating industry best solutions,” said [Rick Spurr](#), chief executive officer of ZixCorp. “We’re excited to become a SIA partner and introduce Intel Security customers to our convenient approach to email encryption.”

The SIA enhances the security and risk management strategies for more than 35,000 customers by:

- Accelerating the development of interoperable security products
- Simplifying the integration of these security products with complex customer environments
- Delivering solutions designed to maximize the value of existing customer investments, reduce time to problem resolution, and lower operational costs
